Mall and Retirement Home Performances

These performances are good practice to help prepare students for May's recital. There is no cost to watch the performers. However there is limited space, not a place to invite a lot of people. Save the inviting for the recital at the Colonial theater. Please have your dancer ready to perform at the times below. At the retirement homes the classes will be performing both of their dances so they will need all costume pieces. At the Mall there is no place to change so they will just perform one routine. The instructor will let you know after class this week which costume to wear for the Mall performance.

Here are the classes performing and times:
